

SKY HEAT PRESS

4219 & 6019

- AUTO PREHEATING
- AUTO SHUTDOWN
- OIL HEATING
- SHEET TO SHEET
- ROLL TO SHEET
- ROLL TO ROLL

APPLICATION RANGE

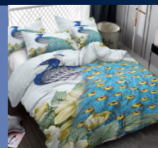

Applicable to all kinds of clothing, home textiles, handbags, umbrellas, straw mats, shoes and hats, crafts, gifts, toys, advertising supplies, and so on

Straw Mats

Handbags

Home Textiles

Hats

Umbrellas

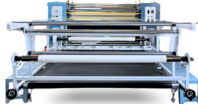

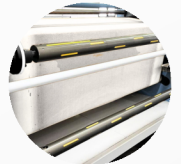

Jersey

Hijab

MAIN TECHNICAL SPECIFICATION

	4219	6019
		
Diameter of roller	42 cm	60 cm
Transfer width	185 cm	185 cm
Width of roller	190 cm	190 cm
Heating method	Heat transfer oil	Heat transfer oil
Material of blanket	Dupont material	Dupont material
Power	29 kw	56 kw
Net weight	2000 kg	2360 kg
Voltage	380 v	380 v
Phases	3	3
Machine length	92	110 cm
Table length	350 cm	350 cm
Machine width	295 cm	302 cm
Table width	205 cm	207 cm
Machine height	130 cm	150 cm
Table height	93 cm	112 cm
Blanket Auto-Adjustment	Automatically adjusts alignment of the blanket	

MAIN PART FUTURES

- Drum surface with Teflon coat, high hardness, wear resistant, anti-sticking
Permukaan pemanas terbuat dari lapisan teflon, dengan material yang keras, kuat dan tahan aus serta tidak mudah mengelamung/memuai
- Digital temperature and speed hardness, wear resistant, anti-sticking
Temperatur digital sangat akurat
- Oil heating, temperature uniformity ($\pm 1-2^{\circ}\text{C}$) no deviations of color
Menggunakan minyak dalam memanaskan, perbedaan suhu ($\pm 1-2^{\circ}\text{C}$) tidak menyebabkan perbedaan warna
- Using imported heating pipes, heat evenly, durable imported blankets which is not easy to deviate
Menggunakan bahan yang berkualitas tinggi, panas merata, awet dan tahan lama lapisan tidak mudah rusak
- The blanket is detachable, and not easy to burn with belts putting device for installing and fixing the belts
Pelapis mudah dilepas dan tidak mudah terbakar, proses perakitan dan penggantian suku cadang mudah
- Without smoke and abnormal odour during working
Tanpa asap dan bau yang tidak normal saat bekerja.
- Drum oil heating uniform & precise temperature
Silinder pemanas dengan suhu yang seragam dan suhu yang tepat.
- Left & Right Distribution Box with circuit board inner firm frame and side plate to support the roller better
Kotak dikiri dan kanan dirancang untuk menjamin silinder bekerja dengan baik dan akurat
- Working table Double-deck convenient for roll to piece transfer
Meja kerja 3 - 4 meter dengan 2 tingkat, nyaman untuk bekerja dari gulungan bahan ke lembaran.
- Fabric and transfer paper install and fix poles
Tempat penggulung kain dan kertas transfer
- The blanket is detachable and not easy to burn
Blanket mudah dilepas dan tidak mudah terbakar

FUTURE POSITION
